

# 'Your Club' Speakers Club

## Content Ideas for Your Club Website

Promoting your website online doesn't need to be complicated. Here's a basic outline of the information you should include for your website or advertising.

### Who are we?

Tell people about your Club ...

### What do we do?

Our aim is to help our members gain confidence in public speaking, develop their speaking skills and achieve their full speaking potential.

### How do we do it?

By providing a structured, mutually supportive environment where members can practice speaking and develop their skills in a friendly and enjoyable atmosphere.

### Why do people join speakers clubs?

The ability to stand up and speak effectively to small or large groups is a skill that is increasingly required in all walks of life.

Most of us, at some time in our lives, are asked to deliver a speech or presentation; job interview, wedding speech, farewell to a colleague, or at college/university.

Although we want to make a good impression, many people suffer from anxiety, palpitations, feel tongue tied, dry mouthed and shaky.

Joining a Speaking Club can help you to overcome these feelings, to become an effective speaker and increase confidence in social situations.

## How can I make a start?

Join us for the evening and see for yourself. We are a friendly and welcoming club.

We offer a supportive, welcoming environment to help you develop and practice your communication skills with the encouragement of other members.

Don't worry, you won't be under any pressure to stand up and speak on your first visit (but well done if you do choose to).
