

National Conference 2021 COVID Safety Policy

IMPORTANT

Please ensure you read this document before you travel

The Senior Leadership Team have planned conference to be a COVID-19 secure event. We have decided to take extra measures that, at the time of writing, go beyond government requirements for an event such as this.

As such, we are requesting **all attendees** demonstrate that they have taken a COVID test (LFT or PCR) and show that they have had a **negative test result**.

Attendees must be able to show:

They have received a negative PCR or Lateral Flow result within 48 hours of the event taking place. Those taking a lateral flow test at home will need to report it to the public reporting system.

Lateral Flow tests

For those planning to take a Lateral Flow test to demonstrate their COVID-19 Status, tests can be ordered through the following link:

<https://test-for-coronavirus.service.gov.uk/order-lateral-flow-kits/condition>

or by calling 119 (free from mobiles or landlines). Negative tests must be reported to the NHS and can be done through the following link:

<https://www.gov.uk/report-covid19-result>

or

by calling 119.

We know that all members will want the event to be as safe as possible and trust everyone to follow all current government guidance on self-isolation if they are presenting symptoms or have tested positive.

Any questions, please contact Michael Cox, National Secretary and Conference Convener, on michael.cox120@gmail.com or 07467024024

We look forward to running a safe and exciting event.
